

WORKTECH22 TORONTO

HEAR FROM GLOBAL THOUGHT LEADERS

LOCATION:

DELOITTE, BAY ADELAIDE EAST, TORONTO

DATE:

OCT. 26, 2022

WORKTECH22 Toronto will feature over 20 speakers, including leading international thinkers from industry and academia. Our speakers represent some of the world's biggest brands and best universities and research departments, alongside radical visionaries from new innovative organisations.

Through inter-disciplinary speakers and learning experience, we focus on bringing cutting edge ideas and inspiration to the workplace community to enhance creativity and move thinking forward. Instead of focusing on peer to peer innovation through imitation, we aim to curate a unique programme, bringing together experts in the fields of people, place and technology and relevant adjacencies to reflect on the future of work and workplace.

Julie Phillips

**President,
Flat Iron Building
Group**

Flat Iron Building Group challenges the chaos equation by inspiring the Flat Iron community to cultivate a new standard in construction. Julie Phillips is the President of Flat Iron Building Group. Julie oversees the business's day-to-day operations and is focused on always bringing the best practices to the company. She has a keen awareness and can identify project barriers and risks proactively. She ensures consistency and integration across all functional areas resulting in seamless project delivery through elaborate management reporting infrastructure in the back end of Procore. Julie has recently played an integral role in launching Flat Iron's new Pre-Lease service that helps end clients make the best possible real estate decision by providing real-time data on space planning and construction cost.
